The map was created on the basis of road accident statistics of the Traffic Police Directorate of the Police Presidium of the Czech Republic and National Traffic Census.

Sections not assessed are those, for which the data were not available for at least half of the mapping period, mainly newly built motorway sections.

The map was produced and published under licence of © EuroRAP AISBL using EuroRAP protocols. All rights reserved. Unauthorized reproduction of the map prohibited.

EuroRAP - Czech Republic
Map 2 - Individual risk (accidents per vehkm)
Risk rating
- Low-risk
- Low - Medium risk
- Medium risk
- Medium - High risk
- High risk

Sections not assessed
Motorways + Expressways
Class I roads

2011 - 2013 Primary roads
